

WHITE HAT EYE OPENER

Issue 3

Calgary White Hat Regional

August 9, 2012

Novice Day

Novice Day (Tuesday) was a huge success. The program featured book giveaways, lunch and learn at noon, and a dinner speaker. Brian and Joy Saville presented "Director Calls and What Option You Could Choose". The evening speaker was Dan Betrand who spoke on "Whether to Pull Trump or Not?" The talks were in the Selkirk Room and received rave reviews. Wednesday's speaker will be Al Simon and Thursday's speaker will be Bill Treble from Winnipeg. Both of these talks will be a GIS.

Bridge Bucks

There is a new currency at this year's White Hat 2012 Regional: Bridge Bucks. A colourful \$2.00 bill, good only at the venue, can be used for food or beverage. They are handed out during the session and have been well received by frugal players who want to save a buck or two. The idea came from the Nationals and the funds were raised by a garage sale or two and a unit fundraising game.

Garage Sale

In May, Roxy and Lou hosted two garage sales. Treasures were contributed by bridge players throughout the city. Also in May, there was a Unit game at the Martinique. Twenty eight tables were squeezed in. The money from these events was earmarked for Bridge Bucks. Please go to the Unit website to read the musing from the garage sale to get the inside scoop.

Teacher Accreditation Program

A Teacher Accreditation Program (TAP) was run prior to the start of this Tournament. The ACBL Education Department sent Marilyn Kalbfleish from Ontario to train the Teachers. Thirteen students from Calgary and one from Edmonton took the course, Three other teachers took the course as a refresher. This program was partially funded by the Calgary Community Bridge League. Thirteen new teachers in the Calgary area will be a lasting legacy to the White Hat 2012 Regional.

Thanks to Marilyn, Canada's only Teacher Trainer and the students who made this the success it was.

How Is Allergy/Sensitivity Different from Other Allergies?

An increasing number of people are becoming allergic/sensitive to scented personal care products such as perfume, cologne, hair products, body lotions, hand sanitizers and creams. Scents/fragrances are comprised of many toxic chemicals. It is these chemicals that cause allergic reactions or sensitivities. These reactions are usually not a histamine reaction, as you would find with food or seasonal allergies. As a result there are not medications available to prevent or treat the varied reactions to scented products.

There was a time that perfumes and colognes were the main culprits, but now many personal care products have strong, lingering fragrances that produce the same reactions. Your kind consideration is appreciated.

More Places to Eat

Here are some more places close by that are worth trying:

- Dennys is great for breakfast and lunches. They are a standard for fast and good meals. Look for them at 5015 4 Street Northeast

- You can't go to the Cheesecake Café without sampling their cheesecakes. Their cheesecakes are to die for. But you have to save room for dinner!
